INNOVATIVE SKINCARE

92% of the population live in cities with high pollution.

Urban dust contains free radicals, particle pollution and toxins.

They damage the skin and are responsible for signs of early aging due to:

- lack of UV protection
- oxidative stress
- lack of hydration
- hyperpigmentation
- dull, tired looking skin
- irritation and acne

Facial Care

CANNABO

CANNABO

Day cream 50mg CBD / 50ml

Rich face cream with essential ingredients for healthy, dewy, fresh face skin.

•DETOXIFYING•REJUVENATING•HYDRATING•

NATURAL CBD proven to reduce redness and irritation, CBD encourages skin cell renewal with the added bonus of protecting the skin from external pollutants.

COLLAGEN the key to maintaining elasticity in the skin. Consistent use of our products will result in redefining the contours of the face, diminishing fine lines and wrinkles, while also strengthening the skin.

HYALURONIC ACID rejuvenates the skin by providing moisture, reducing redness, treating acne, and diminishing the appearance of fine lines.

VITAMIN E a fat soluble, essential nutrient with inflammatory properties that nourishes the skin.

PANTHENOL proven to improve hydration, reduce itching and inflammation of the skin and accelerate and improve healing of epidermal wounds. Because it is absorbed deeply into the skin, it adds essential moisture.

COLLAGEN the key to maintaining elasticity in the skin. Consistent use of our products will result in redefining the contours of the face, diminishing fine lines and wrinkles, while also strengthening the skin.

HYALURONIC ACID rejuvenates the skin by providing moisture, reducing redness, treating acne, and diminishing the appearance of fine lines.

RETINOL reduces fine lines and wrinkles by increasing the production of collagen. They also stimulate the production of new blood vessels in the skin, which improves skin color.

VITAMIN E a fat soluble, essential nutrient with inflammatory properties that nourishes the skin.

PANTHENOL proven to improve hydration, reduce itching and inflammation of the skin and accelerate and improve healing of epidermal wounds. Because it is absorbed deeply into the skin, it adds essential moisture.

A close-up photograph of vibrant green cannabis leaves, each covered with numerous clear water droplets. The leaves have a serrated, serrated edge and are set against a soft, out-of-focus background of more green foliage. The lighting is bright, highlighting the texture of the leaves and the glistening surface of the water droplets.

HOW CBD WORKS ON THE SKIN?

Cannabidiol protects, nourishes and restores a more youthful appearance in the skin.

It is a natural antioxidant with detoxifying effects which provides regeneration, and prevents further damage of the skin cells. Because of the antioxidant properties of CBD, we combine it with other essential ingredients to restore, brighten, and smooth out the skin.

In the CANNABO cosmetic line we use natural CBD extract, rich in vitamins and antioxidants for maximum protection of early aging.

This extract does not contain organic solvents, herbicides or pesticides.
